

# ANYDATA-TELECABLE

## Telephone Cable

### 应用

Applied in the network of telephone exchanges and connecting system, also applies to data transmission applications.

### 结构

Conductor: Solid wire, class 1, comply with VDE0295/IEC228

Insulation: PVC or PE mixture material, generally in two or four cores

Jacket: PVC mixture material, can be produced in round or flat (color can be customized according to customer requirements)

### 特点

Comply with NEC725, UL13, UL1581, combustion test by FT1 rating

Non-hazardous substances, RoHS compliant

This product complies with the provisions of the EEC directive 73/23 (low-voltage procedures) of CE

### 性能

Operating voltage: 150V

Operating temperature range: Movable installation: - 5 ° C to +60 ° C fixed installation: -40 ° C to +60 ° C

✕ Can produce special cables as customer's request
